Annual General Meeting to approve the financial statements for the year ended December 31, 2023

This is a translation into English of the statutory auditors' declaration on information disclosed in accordance with of Article L. 225-115 4° of the French Commercial Code concerning total compensation paid to the highest-paid executives issued in French and it is provided solely for the convenience of English-speaking users. This statutory auditors' declaration includes information required by French law. This declaration should be read in conjunction with, and construed in accordance with, French law and professional auditing standards applicable in France.

To the Worldline General Meeting of Shareholders,

In our capacity as Statutory Auditors of your Company and in accordance with Article L. 225-115 4° of the French Commercial Code (Code de commerce), we hereby report on the information given in the attached document on the total compensation paid to the highest paid executives for the year ended December 31, 2023.

This information has been prepared under the responsibility of your General Manager. It is our responsibility to certify this information.

In our capacity as statutory auditors, we have audited the financial statements of your Company for the year ended December 31, 2023. Our audit, which was conducted in accordance with professional standards applicable in France, was designed to express an opinion on the financial statements taken as a whole, and not on any specific elements of these financial statements used to determine the overall amount of compensation paid to

the highest-paid executives. Accordingly, we did not perform our audit tests and procedures with this objective in mind, and we do not express an opinion on these items taken in isolation.

We performed those procedures which we considered necessary to comply with professional guidance issued by the national auditing body (Compagnie Nationale des Commissaires aux Comptes) relating to this type of engagement. These procedures, which do not constitute an audit or a limited review, consisted in reconciling the total compensation paid to the highest-paid executives with the underlying accounting records and verifying that they are consistent with the information used to prepare the financial statements for the year ended December 31, 2023.

On the basis of our work, we have no matters to report as to the consistency of the aggregate amount of compensation paid to the highest-paid executives, disclosed in the attached document and amounting to 5,656,157.95 euros, with the accounting records used to prepare the financial statements for the year ended December 31, 2023.

This attestation serves as certification of the accuracy of the total amount of compensation paid to the highest-paid individuals within the meaning of Article L. 225-115 4° of the French Commercial Code.

It is brought to your attention in the context specified in the first paragraph and must not be used, distributed, or quoted for any other purpose.
