

Base Prospectus dated 30 May 2025

(incorporated as a société anonyme in France)

€4,000,000,000 Euro Medium Term Note Programme

Under the €4,000,000,000 Euro Medium Term Note Programme (the “**Programme**”) described in this Base Prospectus (the “**Base Prospectus**”), Worldline (“**Worldline**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed €4,000,000,000 (or the equivalent in other currencies). Subject to compliance with all relevant laws, regulations and directives, Notes issued by Worldline may be issued in euro, U.S. dollars, Swiss francs, Sterling and in any other currency agreed between the Issuer and the relevant Dealers.

This Base Prospectus constitutes a base prospectus for the purposes of Article 8(1) of Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”).

This Base Prospectus has been approved by the *Commission de surveillance du secteur financier* (the “**CSSF**”) in Luxembourg, in its capacity as competent authority under the Prospectus Regulation. The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation but this approval does not imply any verification of the accuracy of such information by the CSSF. Approval by the CSSF should not be considered as an endorsement of the Issuer or of the quality of the Notes that are the subject of this Base Prospectus. By approving this Base Prospectus, in accordance with Article 6(4) of the Luxembourg law on prospectuses for securities of 16 July 2019, the CSSF gives no undertaking as to the economic or financial soundness of the transactions contemplated by this Base Prospectus or the quality or solvency of the Issuer. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made for a period of twelve (12) months from the date of this Base Prospectus (i) to the Luxembourg Stock Exchange for the Notes issued under the Programme to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the official list of the Luxembourg Stock Exchange and/or (ii) to the competent authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market in such Member State. However, Notes issued under the Programme may also be unlisted and/or not admitted to trading on any market. The relevant final terms (the “**Final Terms**”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading and, if so, the relevant Regulated Market, and will be published, if relevant, on the website of the Regulated Market where the admission to trading is sought or on the website of the Issuer, as the case may be. The Luxembourg Stock Exchange is a regulated market for the purposes of the Directive 2014/65/EU of 15 May 2014 on markets in financial instruments, as amended, appearing on the list of regulated markets issued by the European Securities and Markets Authority (the “**ESMA**”) (a “**Regulated Market**”).

This Base Prospectus is valid for twelve (12) months from its date and until 30 May 2026 in relation to Notes which are to be admitted to trading on a Regulated Market. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Notes will be issued in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note admitted to trading on a Regulated Market will be €100,000 and, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Notes may be issued either in dematerialised form (the “**Dematerialised Notes**”) or in materialised form (the “**Materialised Notes**”) as more fully described herein. Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of Euroclear France Account Holders (as defined herein) including Euroclear Bank SA/NV (“**Euroclear**”) and the depositary bank for Clearstream Banking SA (“**Clearstream**”) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant holder of Notes (a “**Noteholder**”), in either fully registered form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Registration Agent (as defined herein) acting on behalf of the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders.

As of the date of this Base Prospectus, the long-term corporate rating of the Issuer by S&P Global Ratings Europe Limited (“**S&P**”) is BBB- (negative outlook). S&P is established in the European Union (“**EU**”) and is registered under Regulation (EC) No 1060/2009 on credit rating agencies (as amended) (the “**CRA Regulation**”) and is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the website of the ESMA (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus and in accordance with such regulation. Notes issued under the Programme may be rated or unrated. Notes which are rated will have such rating as is assigned to them by S&P or such other relevant rating organisation as specified in the Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. S&P is not established in the United Kingdom (the “**UK**”) and is not registered in accordance with Regulation (EU) No. 1060/2009 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”). The rating of S&P has been endorsed by S&P Global Ratings UK Limited in accordance with the UK CRA Regulation and has not been withdrawn. As such, the ratings issued by S&P may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, reduction or withdrawal at any time by the assigning rating agency.

The final terms of the Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

This Base prospectus and the documents incorporated by reference herein will be published on the Issuer’s website (www.worldline.com) and on the website of the Luxembourg Stock Exchange (www.luxse.com).

IMPORTANT NOTICE

This Base Prospectus (together with any supplements thereto published from time to time (each a “Supplement” and, together the “Supplements”)) constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation and for the purposes of giving information with regard to the Issuer, the Issuer and its consolidated subsidiaries (the “Group”) and the Notes which, according to the particular nature of the Issuer and the Notes, contains the necessary information which is material to investors for making an informed assessment of the assets and liabilities, profits and losses, financial position and prospects of the Issuer and the rights attached to the Notes.

This Base Prospectus should be read and construed in conjunction with any Supplement thereto published from time to time and with any other documents incorporated by reference (see “Documents Incorporated by Reference”) and, each of which shall be incorporated in, and form part of this Base Prospectus in relation to any Series (as defined herein) of Notes, should be read and construed together with the relevant Final Terms, the Base Prospectus and the Final Terms being together, the “Prospectus”.

The Issuer has undertaken with the Dealers to amend or supplement this Base Prospectus or publish a new Base Prospectus following the occurrence of a significant new factor, a material mistake or a material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect the assessment of an investment in the Notes.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arrangers (each as defined in section “General Description of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or those of the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or that of the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Arrangers and the Dealers have not separately verified the information or representations contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arrangers makes any representation, express or implied, or accepts any responsibility, with respect to the sincerity, accuracy or completeness of any of the information or representations in this Base Prospectus. Neither this Base Prospectus nor any other information incorporated by reference in this Base Prospectus is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arrangers or the Dealers that any recipient of this Base Prospectus or any Final Terms or any other information incorporated by reference should subscribe for or purchase the Notes. In making an investment decision regarding the Notes, prospective investors must rely on their own independent investigation and appraisal of the Issuer, its business and the terms of the offering, including the merits and risks involved. For further details, see section “Risk Factors” herein. The contents of this Base Prospectus or any Final Terms are not to be construed as legal, business or tax advice. Each prospective investor should subscribe for or consult its own advisers as to legal, tax financial, credit and related aspects of an investment in the Notes. None of the Dealers or the Arrangers has reviewed or undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arrangers.

Selling restrictions

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arrangers to inform themselves about and to observe any such restriction.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) OR WITH ANY SECURITIES COMMISSION OR REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND INCLUDE MATERIALISED NOTES IN BEARER FORM THAT ARE SUBJECT TO U.S. TAX LAW REQUIREMENTS. SUBJECT TO CERTAIN EXCEPTIONS, NOTES MAY NOT BE OFFERED, SOLD OR, IN THE CASE OF MATERIALISED NOTES IN BEARER FORM, DELIVERED WITHIN THE UNITED STATES OR ITS POSSESSIONS OR TO U.S. PERSONS. FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON OFFERS AND SALES OF NOTES AND ON DISTRIBUTION OF THIS BASE PROSPECTUS, SEE “SUBSCRIPTION AND SALE”.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States or to any U.S. person. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU as amended (“MiFID II”); (ii) a customer within the meaning of Directive 2016/97/EU, as amended (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No. 1286/2014, as amended (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No. 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (“FSMA”) and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or

otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are “prescribed capital markets products” (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 3 August 2023 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor” as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II product governance rules under Commission Delegated Directive (EU) 2017/593 (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer as defined in MiFID II in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under MiFID II Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor” as defined in UK MiFIR) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Taxation considerations

Potential purchasers and sellers of Notes should be aware that they may be required to pay taxes or other charges or duties in accordance with the laws and practices of the country where the Notes are transferred or the laws and practices of other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. In particular, potential investors are warned that the tax laws of the investor’s jurisdiction or of France (the Issuer’s country of incorporation) might have an impact on the income received from the Notes. Potential investors are advised to ask for their own tax adviser’s advice on their individual taxation with

respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

A number of Member States of the European Union are currently negotiating to introduce a financial transactions tax (“FTT”) in the scope of which transactions in the Notes may fall. The scope of any such tax is still uncertain as well as any potential timing of implementation. If the currently discussed text or any similar tax is adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Independent Review and Advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and conditions, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Investors whose investment activities are subject to investment laws and regulations or to review or regulation by certain authorities may be subject to restrictions on investments in certain types of debt securities. Investors should review and consider such restrictions prior to investing in the Notes.

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Rating

A rating assigned to the Notes by any rating agency is based on the Issuer’s financial situation, but takes into account other relevant structural features of the transaction, including, inter alia, the terms of the Notes, and reflects only the views of the rating agency. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Notes. The rating addresses the likelihood of full and timely payment to the Noteholders of all payments of interest on each interest payment date and repayment of principal on the final payment date. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency’s judgement, circumstances so warrant. A credit rating and/or a corporate rating are not a recommendation to buy, sell or hold securities.

Potential conflict of interest

All or some of the Dealers and, as the case may be, the Calculation Agent, and their affiliates have and/or may in the future engage, in lending, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group (as defined in the “Important Notice” section). They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as

financial advisors to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders (including where a Dealer acts as calculation agent), including with respect to certain discretionary determinations and judgements that such Calculation Agent may make pursuant to the Terms and Conditions of the Notes that may influence the amount receivable upon redemption of the Notes. In particular, whilst a Calculation Agent will, as the case may be, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “€”, “Euro”, “EUR” or “euro” are to the single currency of the participating member states of the European Economic and Monetary Union which was introduced on 1 January 1999, references to “£”, “pounds sterling”, “GBP” and “Sterling” are to the lawful currency of the United Kingdom, references to “\$”, “USD” and “U.S. Dollars” are to the lawful currency of the United States of America and references to “CHF” and “Swiss francs” are to the lawful currency of Switzerland.

| Optional Redemption | The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders. |
| Make-Whole Redemption by the Issuer | If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date at the Optional Redemption Amount. |
| Residual Maturity Call Option | If a Residual Maturity Call Option is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer will have the option to redeem the Notes in whole but not in part or, if specified in the relevant Final Terms, in whole or in part at their principal amount together with any interest accrued to the date set for redemption at any time as from the Residual Maturity Redemption Date specified in the relevant Final Terms. |
| Clean-up Call Option | If a Clean-up Call Option is specified in the relevant Final Terms, in respect of any issue of Notes and if a portion of the initial aggregate nominal amount of Notes of the same Series at least equal to 75 per cent. or any percentage above, as specified in the relevant Final Terms (the “ Clean-Up Percentage ”), has been redeemed or purchased and, in each case, cancelled, the Issuer may redeem the Notes in whole but not in part at their Early Redemption Amount together with any interest accrued to the date set for redemption. |
| Redemption following an Acquisition Event | If Redemption following an Acquisition Event is specified as applicable in the relevant Final Terms and an Acquisition Event has occurred, the Issuer may redeem the Notes of the relevant Series then outstanding at the Acquisition Call Redemption Amount in whole but not in part or, if specified in the relevant Final Terms, in whole or in part, together with any interest accrued to, but excluding, the date set for redemption. |
| Put Option in case of Change of Control | The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity, at the option of each Noteholder, further to a change of control of the Issuer, the rating of the Issuer is downgraded, as more fully described in Condition 6(m). |

Taxation

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by any jurisdiction or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that payments of principal, interest or other assimilated revenues made by the Issuer in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer, will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, subject to certain exceptions.

See “Terms and Conditions of the Notes – Taxation”.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. Unless a higher minimum rate of interest is provided in the relevant Final Terms, the minimum rate of interest (which, for the avoidance of doubt, includes any applicable margin) shall be deemed to be 0.00 per cent. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Fixed Rate Notes

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (1) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc.; or
- (2) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency pursuant to the June 2013 *Fédération Bancaire Française* Master Agreement relating to transactions on forward financial instruments; or

- (3) by reference to EURIBOR, €STR, SARON, SOFR or SONIA (or such other benchmark as may be specified in the relevant Final Terms), in each case as adjusted for any applicable margin.

In no event shall the applicable rate of interest (including, for the sake of clarity, any applicable margin) be less than zero.

In the event where the benchmark used to calculate the interest payable is discontinued, the Terms and Conditions of the Notes provide a methodology to determine the successor or alternative rates.

Interest periods will be specified in the relevant Final Terms.

Benchmark Event

If a Benchmark Event (as defined in Condition 5(a)) occurs the Issuer will as soon as reasonably practicable appoints an Independent Adviser (as defined in Condition 5(a)), which will determine whether a Successor Rate or an Alternative Rate is available and whether any adjustments and/or amendments to the terms of the relevant Series of Notes are required in accordance with Condition 5(c)(iii)(D)).

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Zero Coupon Notes

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Representation of the Noteholders

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “*Masse*”).

The *Masse* will be governed by the provisions of the French *Code de commerce*, with the exception of Articles L.228-48, L.228-59, L.228-65 I, 1° (only in respect of a change of the corporate purpose of the Issuer or form of the Issuer into a *société européenne*) and 3° (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group), Article R.228-67, Article R.228-69 and Article R.228-72 of the French *Code de commerce* and subject to the provisions set out in the Conditions of the Notes.

The *Masse* will act in part through a representative (the “**Representative**”) and in part through collective decisions of the Noteholders. The names and addresses of the Representative will be set out in the relevant Final Terms.

The Representative appointed in respect of the first Tranche of any Series of the Notes will be the representative of the single *Masse* of all Tranches in such Series.

Governing Law

The Notes are governed by French law.

Rating

The long-term corporate rating of the Issuer by S&P is BBB- (negative outlook). S&P is established in the European Union and is registered under Regulation (EC) No 1060/2009 on credit rating agencies (as amended) (the “**CRA Regulation**”) and is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the website of the European Securities and Markets Authority on its website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as the date of this Base Prospectus and in accordance with such regulation. S&P is not established in the United Kingdom (the “**UK**”) and is not registered in accordance with Regulation (EU) No. 1060/2009 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”). The rating of S&P has been endorsed by S&P Global Ratings UK Limited in accordance with the UK CRA Regulation and has not been withdrawn. As such, the ratings issued by S&P may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation.

Notes issued under the Programme may be rated or unrated. The rating, if any, will be specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, reduction or withdrawal at any time by the assigning rating agency.

Depositories/ Clearing Systems

Euroclear France as central depository in relation to Dematerialised Notes and Clearstream, Euroclear or any other clearing system that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer in relation to Materialised Notes. Transfers between Euroclear and Clearstream participants, on the one hand, and Euroclear France Account Holders, on the other hand, shall be effected directly or via their respective depositories in accordance with applicable rules and operating procedures established for this purpose by Euroclear and Clearstream, on the one hand, and Euroclear France on the other hand.

Initial Delivery of Dematerialised Notes

One (1) Paris business day before the issue date of each Tranche of Dematerialised Notes, the *Lettre Comptable* relating to such Tranche shall be deposited with Euroclear France as central depositary.

Initial Delivery of Materialised Notes

On or before the issue date for each Tranche of Materialised Bearer Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depositary for Euroclear and Clearstream or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer.

Issue Price

The Notes may be issued at their nominal amount or at a discount or premium to their nominal amount. The Issue Price of the Notes will be specified in the relevant Final Terms.

Admission to trading and listing

Application may be made for a period of 12 months from the date of this Base Prospectus (i) to the Luxembourg Stock Exchange for the Notes issued under the Programme to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the official list of the Luxembourg Stock Exchange and/or (ii) to the competent authority of any other Member State of the EEA for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market in such Member State. The Luxembourg Stock Exchange or any other relevant stock exchange will be specified in the relevant Final Terms. A Series of Notes may or may not be listed and admitted to trading on any market.

Selling Restrictions

There are restrictions on the offers and sale of Notes and the distribution of offering material in various jurisdictions. See “Subscription and Sale”.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. All of these risk factors are contingencies which may or may not occur.

Factors which the Issuer believes are specific to the Issuer and/or the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below and in the documents incorporated by reference represent the principal risks relating to the Issuer and inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision. In each sub-category below the Issuer sets out the most material risks, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

*For the purpose of this section headed “Risk Factors”, the “**Group**” is defined as the Issuer and its consolidated subsidiaries.*

Terms defined herein shall have the same meaning as in the Terms and Conditions of the Notes.

(A) Risk Factors relating to the Issuer and the Group

Risk factors linked to the Issuer and its activity are described on pages 323 to 328 of the *Document d’Enregistrement Universel 2024* (as defined in “Documents Incorporated by Reference” below) and include the following:

(B) Risk Factors relating to the Notes

1. Economic and legal risks relating to the Notes

French insolvency law

The Issuer is a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the “centre of main interests” (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132, has been transposed into French law by *Ordonnance* n°2021-1193 dated 15 September 2021. Such *Ordonnance* amended French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria.

Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of the Notes. As a consequence, any decision taken by a class of affected parties could materially and negatively impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Credit risk of the Issuer

As contemplated in Condition 3 (*Status of Notes*), the Notes and, where applicable, any relative Coupons, constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and (subject to the provisions of Condition 4 (*Negative Pledge*)) rank and will rank *pari passu*, without any preference among themselves and, subject to such exceptions as are from time to time mandatory under French law, equally and rateably with all other outstanding unsecured and unsubordinated obligations, present and future, of the Issuer. However, an investment in the Notes involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates (as of the date of this Base Prospectus, the Issuer is rated BBB- (negative outlook) by S&P), it may not be able to fulfil all or part of its payment obligations under the Notes which could materially and negatively impact the Noteholders, and investors may lose all or part of their investment.

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer (as of the date of this Base Prospectus, the long-term debt rating of the Issuer by S&P is BBB- (negative outlook)), and a number of additional factors, including the value of an index, including, but not limited to, the volatility of an index, market interest and yield rates and the time remaining to the maturity date. Application will be made in certain circumstances to list and admit the Notes on the official list of the Luxembourg Stock Exchange and/or admit any Series of Notes issued hereunder to trading on the Regulated Market of the Luxembourg Stock Exchange and/or any other Regulated Market.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder and result in losing all or part of their investment in the Notes.

An active trading market for the Notes may not develop

Although particular series of Notes may specify in the relevant Final Terms that they are expected to be listed on the official list of the Luxembourg Stock Exchange and/or admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and/or any other Regulated Market, there is a risk that an active trading market for the Notes will not develop, or, if one does develop, that it will not be maintained or may not be very liquid. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected.

As a consequence, investors may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as a result, investors could lose all or part of their investment in the Notes.

Exchange rate risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies in accordance with Condition 5 (*Interest and other calculations*) and Condition 7 (*Payments and Talons*). The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the relevant Final Terms). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “**Investor's Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, if this risk ever materialises, investors may receive less interest or principal than expected, or no interest or principal at all.

Modification and waivers

Condition 11 (*Representation of Noteholders*) contains provisions for calling General Meetings of Noteholders or consulting them by way of Written Resolutions to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not participate in the relevant General Meeting or Written Resolutions and

Noteholders who voted in a manner contrary to the majority. General Meetings or Written Resolutions may deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes subject to the limitation provided by French law. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes and hence investors may lose all or part of their investment.

By exception to the above provisions, Condition 11 (*Representation of Noteholders*) provides that the provisions of Article L.228-65 I. 1° (only in respect of a change of the corporate purpose of the Issuer or the form of the Issuer into a *société européenne*) and 3° (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group) of the French *Code de commerce* (respectively providing for a prior consultation by the General Meeting of the Noteholders (i) of any proposal to change the corporate purpose of the Issuer or the form of the Issuer into a *société européenne* or (ii) of any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-13 and L.236-18 of the French *Code de commerce* (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group)) shall not apply to the Notes. As a result of these exclusions, the prior consultation of the Noteholders will not have to be required on such matters and no early redemption of any Note by the Issuer shall be requested by the Noteholders in respect of such modifications. A change of the Issuer's corporate purpose or form into a *société européenne* and any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-14 and L.236-23 of the French *Code de commerce* (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group) may adversely affect the liquidity of the Notes and Noteholders may not be able to sell their Notes on the market.

2. Risk Factors relating to the structure and feature of a particular issue of Notes

The Terms and Conditions of the Notes allow for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for Noteholders depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

Risk Factors relating to the limited restrictive covenants

The Terms and Conditions of the Notes do not restrict the Issuer or its Subsidiaries (as defined in Condition 4 (*Negative Pledge*)) from incurring additional debt. As contemplated in Condition 4 (*Negative Pledge*), the Terms and Conditions of the Notes contain a negative pledge that prohibits the Issuer and its Material Subsidiaries (as defined in Condition 4 (*Negative Pledge*)) in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds or similar listed (or capable of being listed) debt securities on a regulated market or another assimilated market and there are certain exceptions to the negative pledge. The Terms and Conditions of the Notes do not contain any other covenants restricting the operations of the Issuer, or its ability to distribute dividends or buy back shares. The Issuer's Subsidiaries are not bound by obligations of the Issuer under the Notes and are not guarantors of the Notes. These limited restricted covenants may not provide sufficient protection for investors in the Notes which could materially and negatively impact the Noteholders and increase the risk of losing all or part of their investment in the Notes.

Risk Factors relating to the Interest payable on the Notes

Fixed Rate Notes

As contemplated by Condition 5(b) (*Interest on Fixed Rate Notes*), the Issuer may issue Fixed Rate Notes bearing interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date.

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes and Noteholders may lose all or part of their investment in the Notes and therefore their interests may be negatively altered.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the “**Market Interest Rate**”) typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of such Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases, until the yield of such Note equals approximately the Market Interest Rate.

Therefore, the price of the Notes at any particular time may be lower than the purchase price of the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost on any transfer of the Notes, so that the Noteholder in such case would not receive the total amount of the capital invested.

Floating Rate Notes

As contemplated in Condition 5(c) (*Interest on Floating Rate Notes*), a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Final Terms provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

As contemplated in Condition 5(c) (*Interest on Floating Rate Notes*), investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short-term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. As a result, Noteholders may lose all or a significant part of their investments in the Notes and therefore their interests may be significantly negatively altered.

Furthermore, should the reference rate in respect of a Floating Rate Note be at any time negative, this could result in the rate of interest payable to Noteholders being lower than the applicable margin. For the avoidance of doubt, if the resulting rate of interest is less than zero, the applicable rate of interest shall be deemed to be zero and the Noteholders will not have to pay the negative fraction of such interest to the Issuer.

As a result, Noteholders may lose all or part of their investments in the Notes and therefore their interests may be significantly and negatively altered.

Fixed/Floating Rate Notes

As contemplated in Condition 5(d) (*Fixed/Floating Rate Notes*), Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set

out in the Final Terms. The conversion (whether it be automatic or optional) of the interest rate may affect the secondary market and the market value of the Notes since the conversion may produce a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than the then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. In case of conversion from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Investors should refer to risk factors set out in the risk factors entitled “Fixed Rate Notes” and “Floating Rate Notes”.

Zero Coupon Notes

As contemplated by Condition 5(e) (*Zero Coupon Notes*), the Issuer may issue Zero Coupon Notes. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk and Noteholders may, as a result, lose all or part of their investment in the Notes.

Reform and regulation of “benchmarks”

Pursuant to Condition 5(c) (*Interest on Floating Rate Notes*) and where the applicable Final Terms for a Series of Floating Rate Notes specifies that the Rate of Interest for such Notes will be determined by reference to the Euro Interbank Offered Rate (“**EURIBOR**”) or other indices which are deemed to be “benchmarks” which are the subject of recent national, international and other regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, to change their methodology or other terms, to disappear entirely or have other consequences which cannot be predicted. Any such consequences could have a material adverse effect on the liquidity, market value of and return on any Floating Rate Notes linked to or referencing such a “benchmark”.

Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended (the “**Benchmarks Regulation**”) is applicable since 1 January 2018 to the provision of “benchmark” in the EU, the contribution of input data to a “benchmark” and the use of a “benchmark” in the EU.

The Benchmarks Regulation applies to the provision of “benchmarks” in the EU, the contribution of input data to a “benchmark” and the use of a “benchmark” within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of “benchmarks” (or, if non-EU based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which applies since 13 February 2021 (the “**Amending Regulation**”).

The Amending Regulation has introduced a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR) by conferring on the European Commission or the relevant national authority the power to designate a statutory replacement for certain benchmarks, resulting in such benchmarks being replaced in contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called “fallback provision”) or a fallback provision which is deemed unsuitable by the European Commission or competent national authorities (Article 23b of the Benchmarks Regulation). These provisions could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark in the event that the fallback provisions in the Terms and Conditions of the Notes are deemed unsuitable. However, there are still uncertainties about the exact implementation of this provision pending the implementing acts of the European Commission. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

In addition, transitional provisions applicable to third-country benchmarks have been further extended until the end of 2025 by Commission Delegated Regulation (EU) 2023/2222 of 14 July 2023.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of “benchmarks” could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements.

Such factors may have the following effects on certain “benchmarks” (including EURIBOR): (i) discourage market participants from continuing to administer or contribute to such “benchmarks”, (ii) trigger changes in the rules or methodologies used in certain “benchmarks” or (iii) lead to the disappearance of certain “benchmarks”.

Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to a “benchmark”.

Floating Rate Notes – benchmark discontinuation

Where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, and EURIBOR or another Reference Rate (other than SARON, €STR, SOFR Benchmark or SONIA) has been selected as the Reference Rate, Condition 5(c)(iii)(D) (*Benchmark discontinuation*) provides that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where the Original Reference Rate (as defined in Condition 5(a) (*Definitions*)) is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available.

Where the Relevant Screen Page is not available, and no successor or replacement for the Relevant Screen Page is available, Condition 5(c)(iii)(D) (*Benchmark discontinuation*) provides for the Rate of Interest to be determined by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was unavailable (and solely in the context that such unavailability does not qualify as a Benchmark Event). Uncertainty as to the continuation of such Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if such Original Reference Rate is unavailable may adversely affect the value of, and return on, the Floating Rate Notes.

If a Benchmark Event (as defined in Condition 5(a) (*Definitions*)) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs in relation to an Original Reference Rate (other than with respect to SARON, €STR, SOFR Benchmark or SONIA) when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser (as defined in Condition 5(a) (*Definitions*)). The Independent Adviser shall endeavour to determine a Successor Rate or Alternative Rate (as defined in Condition 5(a) (*Definitions*)) (and, as the case may be, an Adjustment Spread) to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate (and, as the case may be, an Adjustment Spread) to determine the Rate of Interest is likely to result in Notes initially linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser and the Independent Adviser determines that amendments to the Terms and Conditions of the Notes are necessary to ensure the proper operation of such Successor Rate or Alternative Rate, then the Issuer may vary these Conditions to give effect to such amendments without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Terms and Conditions of the Notes also provide that an Adjustment Spread (as defined in Condition 5(a) (*Definitions*)) may be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate. The aim of the Adjustment Spread is to reduce or eliminate, to the extent reasonably practicable, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate. However, it may not be possible to determine or apply an Adjustment Spread and even if an Adjustment Spread is applied, such Adjustment Spread may not be effective to reduce or eliminate economic prejudice to Noteholders and Couponholders. If no Adjustment Spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest. The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) may still result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate (and, as the case may be, an Adjustment Spread) in accordance with the Terms and Conditions of the Notes.

Where the Issuer is unable to appoint an Independent Adviser in a timely manner, or the Independent Adviser is unable, to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the Issuer has been unable to appoint an Independent Adviser or, the Independent Adviser has failed, to determine a Successor Rate or Alternative Rate in respect of any given Interest Period, it will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply the next succeeding and any subsequent Interest Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a

lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the Floating Rate Notes, in effect, becoming fixed rate Notes. Noteholders may, in such circumstances, be materially affected and receive a lower interest as they would have expected if an Independent Adviser had been determined or if such Independent Adviser did not fail to determine such Successor or Alternative Rate.

The market continues to develop in relation to risk-free rates (including overnight rates) which are possible reference rates for Floating Rate Notes

Condition 5(c) (*Interest on Floating Rate Notes*) allows the Notes referencing risk-free rates to be issued. The market continues to develop in relation to risk-free rates, such as the Sterling Overnight Index Average (“**SONIA**”), the Secured Overnight Financing Rates (“**SOFR**”), the Swiss Average Rate Overnight (“**SARON**”) and the Daily Euro Short-term Rate (“**€STR**”), as reference rates in the capital markets for sterling, U.S. dollar, Swiss franc or euro bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates.

Such risk-free rates have a limited performance history and the future performance of such risk-free rates is impossible to predict. As a consequence, no future performance of the relevant risk-free rate or Notes referencing such risk-free rate may be inferred from any of the hypothetical or actual historical performance data. In addition, investors should be aware that risk-free rates may behave materially differently to interbank offered rates as interest reference rates. For example, since publication of SOFR began, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Interest is calculated on the basis of the compounded risk-free rate or an arithmetic average of the risk-free rate, using the relevant specific formula set out in the Terms and Conditions of the Notes. In addition, market conventions for calculating the interest rate for notes referencing risk-free rates continue to develop and market participants and relevant working groups are exploring alternative reference rates based on risk-free rates. Accordingly, the specific formula for calculating the rate used in the Notes issued under the Base Prospectus may not be widely adopted by other market participants, if at all.

The Issuer may in the future also issue Notes referencing risk-free rates that materially differ in terms of interest determination when compared with any previous Notes referencing risk-free rates issued by it. If the market adopts a different calculation method, that could adversely affect the market value of Notes issued under the Programme.

Interest on Notes which reference a risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference risk-free rates to reliably estimate the amount of interest which will be payable on such Notes.

Each risk-free rate is published and calculated by third parties based on data received from other sources and the Issuer has no control over their respective determinations, calculations or publications. There is a risk that the relevant risk-free rate (or the Compounded SOFR Index or SONIA Compounded Index) will be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Notes linked to, or which reference, such risk-free rate (or that any applicable benchmark fallback provisions provided for in the Terms and Conditions of the Notes will provide a rate which is not economically equivalent for Noteholders). If the manner in which the

relevant risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Terms and Conditions of the Notes and used in relation to Notes that reference a risk-free rate issued under the Base Prospectus.

Any mismatch between the adoption of such risk-free rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which investors may put in place in connection with any acquisition, holding or disposal of any Notes.

Risk Factors relating to the Redemption of the Notes

The Notes may be subject to optional redemption by the Issuer

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem in whole, but not in part, outstanding Notes in accordance with Condition 6(f)(i) (*Redemption for Taxation Reasons*).

The Issuer has also the option, if so provided in the relevant Final Terms, to redeem the Notes under a call option as provided in Condition 6(b) (*Redemption at the Option of the Issuer*), a make-whole call option as provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*), a residual maturity call option as provided in Condition 6(h) (*Residual Maturity Call Option*), a clean-up call option as provided in Condition 6(i) (*Clean-Up Call Option*) and a redemption following an acquisition event call as provided in Condition 6(j) (*Redemption following an Acquisition Event*).

In particular, the exercise of the Make-Whole Redemption option by the Issuer, as provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*), may be subject to certain refinancing conditions referred to in the notice published by the Issuer in connection thereto. Failure to meet these refinancing conditions may render the notice revocable, in which case the Make-Whole Redemption by the Issuer will not occur, which may have a negative impact on the Noteholders as the market price of the Notes is likely to fall below the expected Optional Redemption Amount.

In particular, in case of a clean-up call option there is no obligation for the Issuer to inform investors if and when the Clean-Up Percentage (as defined in the relevant Final Terms) has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

If (i) a Redemption following an Acquisition Event is specified in the relevant Final Terms and (ii) the Issuer (x) has not, on or prior the Acquisition Completion Date (as defined in the relevant Final Terms), completed or closed the acquisition of the Acquisition Target, as defined in the relevant Final Terms, or (y) has publicly announced that it no longer intends to pursue the acquisition of the Acquisition Target, the Issuer will have the option to redeem the Notes, in whole or in part, at the Acquisition Call Redemption Amount together with any interest accrued on the Notes as provided in Condition 6(j) (*Redemption following an Acquisition Event*).

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the

Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

All of the above may reduce the profits potential investors in the Notes may have expected in subscribing the Notes and could have significant impact on the Noteholders.

Exercise of the Call Option, the Make-Whole Redemption, the Put Option, the Residual Maturity Call Option or the Put Option in case of Change of Control by the Issuer in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

Depending on the number of Notes of the same Series in respect of which a partial redemption is made, either at the option of the Issuer through the exercise of the Call Option, as provided in Condition 6(b) (*Redemption at the Option of the Issuer*), the Make-Whole Redemption, as provided in Condition 6(c) (*Make-Whole Redemption by the Issuer*) or the Residual Maturity Call Option, as provided in Condition 6(h) (*Residual Maturity Call Option*), if any provided in the relevant Final Terms, or at the option of the Noteholders through the exercise of the Put Option, as provided in Condition 6(d) (*Redemption at the Option of Noteholders*) or the Put Option in case of Change of Control, as provided in Condition 6(m) (*Redemption or repurchase at the option of the Noteholders in case of Change of Control*), if any provided in the relevant Final Terms, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid. In addition, investors may only be able to reinvest the moneys they receive upon such early redemption in securities with a lower yield than the redeemed Notes and Noteholders may lose part of their investment.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms and excepting sentences in italics, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Terms and Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An agency agreement dated 30 May 2025 as amended or supplemented from time to time (the “**Amended and Restated Agency Agreement**”) has been agreed between Worldline (the “**Issuer**”) and Société Générale as fiscal agent, paying agent, calculation agent and registration agent.

The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Registration Agent**” and the “**Calculation Agent(s)**”.

The holders of Dematerialised Notes and Materialised Notes, the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the “**Talons**”) for further Coupons (the “**Couponholders**”) are deemed to have notice of all of the provisions of the Amended and Restated Agency Agreement.

For the purpose of these Terms and Conditions:

- “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended;
- “**day**” means a calendar day.

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

1. FORM, DENOMINATION(S) AND TITLE OF THE NOTES

(a) **Form of Notes:** Notes may be issued by the Issuer either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).

- (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* (the “**Code**”) by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, as specified in the relevant Final Terms (the “**Final Terms**”), in either (x) bearer dematerialised form (*au porteur*) only, in which case they are inscribed in the books of Euroclear France (acting as central depository) (“**Euroclear France**”) which shall credit the accounts of Euroclear France Account Holders (as defined below), or (y) in registered dematerialised form (*au nominatif*) only and, in such latter case, at the option of the relevant Noteholder in either administered registered dematerialised form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or in fully registered dematerialised

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);
- (ii) the Independent Adviser determines, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or (if the Independent Adviser determines that no such spread is customarily applied);
- (iii) the Independent Adviser determines and which is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be.

“Alternative Rate” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 5(c)(iii)(D)(b) and which is customarily applied in international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes.

“Benchmark Amendments” has the meaning given to it in Condition 5(c)(iii)(D)(d).

“Benchmark Event” means:

provided that in the case of sub-paragraphs (ii), (iii) and (iv), the Benchmark Event shall occur on or within the six months preceding the date of the cessation of publication of the Original Reference Rate, the discontinuation of the Original Reference Rate, or the prohibition of use of the Original Reference Rate, as the case may be, and not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Fiscal Agent, the Calculation Agent and the Paying Agents. For the avoidance of doubt, neither the Fiscal Agent, the Calculation Agent nor the Paying Agents shall have any responsibility for making such determination.

- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination or ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) *FBF Determination for Floating Rate Notes:*

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (A), “FBF Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first (1st) day of that Interest Accrual Period or such other date specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**” (*Taux Variable*), “**Floating Rate Determination Date**” (*Date de Détermination du Taux Variable*) and “**Transaction**” (*Transaction*) have the meanings given to those terms in the FBF Definitions.

(B) *ISDA Determination for Floating Rate Notes:*

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first (1st) day of that Interest Accrual Period or such other date specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(C) *Screen Rate Determination for Floating Rate Notes:*

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either (i) 11.00 a.m. (Brussels time in the case of EURIBOR) or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or if sub-paragraph 5(c)(iii)(C)(a)(i) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph 5(c)(iii)(C)(a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, or (ii) if otherwise, each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) If sub-paragraph 5(c)(iii)(C)(b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if otherwise, the Relevant Inter-Bank Market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) or, if otherwise, at the Relevant

Screen Page Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro zone inter-bank market or, if otherwise, the Relevant Inter-Bank Market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being €STR, the €STR rate of interest determination method, as specified in the relevant Final Terms (the “**€STR Rate of Interest Determination**”), in which the Rate of Interest is to be determined could be either €STR Lookback Compound or €STR Shift Compound as follows:

(a) if €STR Lookback Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be €STR-LOOKBACK-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any); or

(b) if €STR Shift Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be €STR-SHIFT-COMPOUND plus or minus (as indicated in the Final Terms) the Margin (if any);

For the purpose of this Condition 5(c)(iii)(C)(d):

“**€STR-LOOKBACK-COMPOUND**” means the rate of return of a daily compounded interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) which will be calculated by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-\text{PTBD} \times n_i}}{360} \right) - 1 \right] \times \frac{360}{d}$$

Where:

“**d**” is the number of days in the relevant Interest Accrual Period;

“**d₀**” is the number of TARGET Business Days in the relevant Interest Accrual Period;

“€STR_i-pTBD” means, in respect of any TARGET Business Day falling in the relevant Interest Accrual Period, the €STR for the TARGET Business Day falling “p” TARGET Business Days prior to the relevant TARGET Business Day “i”;

“i” is a series of whole numbers from one to d₀, each representing the relevant TARGET Business Day in chronological order from, and including, the first TARGET Business Day in the relevant Interest Accrual Period to, and including, the last TARGET Business Day in such Interest Accrual Period;

“n_i” for any TARGET Business Day “i” is the number of days from, and including, the relevant TARGET Business Day “i” up to, but excluding, the immediately following TARGET Business Day in the relevant Interest Accrual Period;

“Observation Look-Back Period” means the period specified in the Final Terms; and

“p” means in relation to any Interest Accrual Period, the number of TARGET Business Days included in the Observation Look-Back Period.

“€STR-SHIFT-COMPOUND” means the rate of return of a daily compounded interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) which will be calculated by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest fifth decimal place, with 0.000005 being rounded upwards:

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

Where:

“d” is the number of days in the relevant Observation Period;

“d₀” for any Observation Period, means the number of TARGET Business Days in the relevant Observation Period;

“€STR_i” means, in respect of any TARGET Business Day falling in the relevant Observation Period, the €STR in respect of that TARGET Business Day “i”;

“Observation Shift Days” means the number of TARGET Business Days specified in the relevant Final Terms.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank (as defined below).

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, then the rate of €STR for each relevant TARGET Business Day occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each relevant TARGET Business Day occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each relevant TARGET Business Day occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above (the **“€STR Replacement Rate”**), will remain effective for the remaining term to maturity of the Notes.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date, (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each relevant TARGET Business Day occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR; or (iii) if there is no such preceding Interest Determination Date and there is no published ECB Recommended Rate or Modified EDFR available, as if the rate of €STR for each relevant TARGET Business Day on or after such €STR Index Cessation Effective Date were references to the latest published €STR (though, in each

case, substituting, where a different Margin, Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this Condition 5(c)(iii)(C)(d), including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent's (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) sole discretion, acting in good faith and in a commercial and reasonable manner, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 5(c)(iii)(C)(d), if the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), no €STR Replacement Rate will be adopted by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), and the €STR Replacement Rate for the relevant Interest Accrual Period will be equal to the last €STR available, as determined by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms).

- (i) that the SARON Recommending Body has recommended be applied to such SARON Recommended Replacement Rate in the case of fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon; or
- (ii) if the SARON Recommending Body has not recommended such a spread, formula or methodology as described in sup-paragraph (i) above, to be applied to such SARON Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the SARON with such SARON Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), acting in good faith and a commercially reasonable manner, and be consistent with industry-accepted practices for fixed income securities with respect to which such SARON Recommended Replacement Rate has replaced the SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

“SARON Recommended Replacement Rate” means the rate that has been recommended as the replacement for the SARON by any working group or committee in Switzerland organized in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the **“SARON Recommending Body”**);

“SIX Swiss Exchange” means SIX Swiss Exchange AG and any successor thereto;

“SNB Adjustment Spread” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for purposes of determining SARON, which spread will be determined by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), acting in good faith and a commercially reasonable manner, taking into account the historical median between the SARON and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred); and

“Zurich Banking Day” means a day on which banks are open in the City of Zurich for the settlement of payments and of foreign exchange transactions.

(D) *Benchmark discontinuation*

(a) Independent Adviser

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined in accordance with Condition 5(c)(iii)(C) (except in respect of Conditions 5(c)(iii)(C)(d), 5(c)(iii)(C)(e), 5(c)(iii)(C)(f) and 5(c)(iii)(C)(g)) and if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(b)) and, in either case, an Adjustment Spread if any (in accordance with Condition 5(c)(iii)(D)(c)) and any Benchmark Amendments (in accordance with Condition 5(c)(iii)(D)(d)).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith in a commercially reasonable manner as an independent expert and in consultation with the Issuer. The Issuer will not take any discretionary decision on the basis of such consultation. In the absence of bad faith, manifest error or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, the Calculation Agent or any other independent party with appropriate expertise and international repute responsible for determining the Rate of Interest specified in the applicable Final Terms or the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(c)(iii)(D)(a).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(c)(iii)(D)(a) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 5(c)(iii)(D)(a) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(c)(iii)(D)(a).

(b) Successor Rate or Alternative Rate

If the Independent Adviser, determines in good faith and in a commercially reasonable manner that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(c)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate of Interest (or the relevant component part thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)); or

(ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(c)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate of Interest (or the relevant component part thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)).

(c) Adjustment Spread

If the Independent Adviser, determines in good faith and in a commercially reasonable manner (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(d) Benchmark Amendments

If any Successor Rate or any Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(D) and the Independent Adviser, determines in good faith and in a commercially reasonable manner (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate or such Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(D)(e), without any requirement for the consent or approval of Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

For the avoidance of doubt, and in connection with any such variation in accordance with this Condition 5(c)(iii)(D)(d), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being admitted to trading.

(e) Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(D) will be notified promptly by the Issuer, after receiving such information from the Independent Adviser, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the Masse and, in accordance with Condition 15, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Noteholders and the Representative of the Masse of the same, the Issuer shall deliver to the Fiscal Agent, the Calculation Agent and the Paying Agents a certificate signed by any authorised signatory of the Issuer:

(i) confirming, on the basis of the determination of the Independent Adviser (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) where applicable, any Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), in each case as

determined by the Independent Adviser in accordance with the provisions of this Condition 5(c)(iii)(D); and

- (ii) certifying that the Independent Adviser has confirmed the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

The Fiscal Agent and the Paying Agents shall make such certificate available at their respective offices, for inspection by the Noteholders at all reasonable times during normal business hours.

Each of the Fiscal Agent, the Calculation Agent and the Paying Agents shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Fiscal Agent's, the Calculation Agent's or the Paying Agents' ability to rely on such certificate as aforesaid) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agents and the Noteholders or Couponholders.

(f) **Survival of Original Reference Rate**

Without prejudice to the obligations of the Issuer under Condition 5(c)(iii)(D)(a), 5(c)(iii)(D)(b), 5(c)(iii)(D)(c) and 5(c)(iii)(D)(d), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii)(C) will continue to apply unless and until a Benchmark Event has occurred.

(g) **New Benchmark Event in respect of the Successor Rate or Alternative Rate**

If Benchmark Amendments have been implemented pursuant to this Condition 5(c)(iii)(D) and a new Benchmark Event occurs in respect of the then applicable Successor Rate or Alternative Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser and ensure that the provisions of this Condition 5(c)(iii)(D) shall apply as if the Successor Rate or Alternative Rate were the Original Reference Rate.

(E) ***Linear Interpolation***

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two (2) rates based on the relevant FBF Rate (if specified as applicable in the applicable Final terms), the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period.

For the purposes of this paragraph (E), “**Applicable Maturity**” means: (a) in relation to FBF Determination, the period of time specified in the relevant FBF Rate, (b) in

relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (c) in relation to ISDA Determination, the Designated Maturity.

- (d) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.
- (e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Optional Redemption Amount or, the Early Redemption Amount, as the case may be, of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)(B)).
- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (g) **Margin, Maximum/Minimum Rates of Interest and Redemption Amounts, and Rounding:**
 - (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be. Unless a higher Minimum Rate of Interest is provided in the relevant Final Terms, the Minimum Rate of Interest (which, for the avoidance of doubt, includes any applicable Margin), shall be deemed to be 0.00 per cent.
 - (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts and Early Redemption Amounts:** As soon as

practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount or Early Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount or any Early Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(i), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (j) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 4). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6. REDEMPTION, PURCHASE AND OPTIONS

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided in the relevant Final Terms, is its nominal amount, except for Zero Coupon Notes).
- (b) **Redemption at the Option of the Issuer:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem in whole or, if so provided, in part, the Notes on any Optional Redemption Date (as specified in the relevant Final Terms). Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms) together with interest accrued (except with respect to Zero Coupon Notes) to the date fixed for redemption (including, where applicable, any

arrears of interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption shall be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In addition, so long as the Notes are listed and admitted to trading on a Regulated Market and the rules of such Regulated Market so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes (whether at the option of the Issuer or of the Noteholders), cause to be published in a leading newspaper with general circulation in the city where the Regulated Market is located or, so long as the Notes are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and so long as the rules of the Luxembourg Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.luxse.com), a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (c) **Make-Whole Redemption by the Issuer:** If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, subject to the satisfaction of any refinancing conditions to which the redemption is subject (if any) and to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) days' notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date or, if a Residual Maturity Call Option is specified as applicable in the relevant Final Terms, prior to their Residual Maturity Redemption Date (the **"Optional Redemption Date"**) at their Optional Redemption Amount (as defined below).

The notice shall specify the date fixed for redemption and shall be irrevocable unless it specifies any refinancing conditions to which the redemption is subject (if any).

"Optional Redemption Amount" means in respect of any Notes to be redeemed pursuant to this Condition 6(c) an amount, calculated by the Calculation Agent equal to the greater of:

(x) 100 per cent. of the nominal amount of the Notes so redeemed and,

(y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes until their Maturity Date or, if the Residual Maturity Call Option is specified as applicable in the relevant Final Terms, until their Residual Maturity Redemption Date (not including any interest accrued on the Notes from, and including, the Interest Payment Date immediately preceding the relevant Optional Redemption Date or the Interest Commencement Date, as the case may be, to, but excluding, the relevant Optional Redemption Date) discounted to the relevant Optional

Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms),

plus in each case (x) or (y) above, any interest accrued on the Notes (except with respect to Zero Coupon Notes) from, and including, the Interest Payment Date immediately preceding the relevant Optional Redemption Date or the Interest Commencement Date, as the case may be, to, but excluding, the Optional Redemption Date.

“Redemption Rate” means the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth (4th) business day preceding the Optional Redemption Date at 11.00 a.m. (Central European time (CET)).

“Reference Dealers” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security (as specified in the relevant Final Terms) will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the third (3rd) business day in Paris preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 15.

The Redemption Rate will be notified by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Calculation Agent shall act as an independent expert and not as an agent for the Issuer, the Couponholders or the Noteholders. The Calculation Agent (acting in such capacity) shall not have any relationship of agency or trust with, and, to the extent permitted by law, shall not incur any liability against the Noteholders, the Couponholders, the Fiscal Agent or the Paying Agent.

In the case of a partial redemption, in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances and taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements on which the Notes are admitted to trading.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements on which the Notes are admitted to trading.

Any notice given by the Issuer pursuant to this Condition 6(c) shall be deemed void and of no effect in relation to any Note in the event that, prior to the giving of such notice by the Issuer, the relevant Noteholder had already delivered an Exercise Notice in relation to such Note in accordance with Condition 6(d) below.

- (d) **Redemption at the Option of Noteholders:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) (as specified in the relevant Final Terms) at its Optional Redemption Amount (as specified in the relevant Final Terms)

together with interest accrued (except with respect to Zero Coupon Notes) to the date fixed for redemption including, where applicable, any arrears of interest.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office a duly completed option exercise notice (the “**Exercise Notice**”) in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it such Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

(e) **Early Redemption Amount:**

- (i) Zero Coupon Notes:
 - (A) The Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount, as the case may be, payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(b), 6(c), 6(d), 6(f), 6(h), 6(i), 6(j), 6(l) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9 shall be calculated as provided below.
 - (B) Subject to the provisions of sub-paragraph (C) below, the Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
 - (C) If the Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(b), 6(c), 6(d), 6(f), 6(h), 6(i), 6(j), 6(l) or Condition 6(m) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount due and payable in respect of such Note shall be as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount becomes due and payable were the Relevant Date. The calculation of the Optional Redemption Amount, the Early Redemption Amount or the Acquisition Call Redemption Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d). Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.
- (ii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f) or Condition 6(l), or upon it becoming due and payable as provided in

Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest).

(f) **Redemption for Taxation Reasons**

- (i) If, by reason of any change in, or any change in the official application or interpretation of, French law becoming effective after the Issue Date, the Issuer, would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay Additional Amounts as specified and defined under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem in whole, but not in part, the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding or deduction for such taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes or Coupons be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay Additional Amounts contained in Condition 8 below, then the Issuer, shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) days' prior notice to the Noteholders in accordance with Condition 15, redeem in whole, but not in part, the Notes then outstanding at their Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Coupons, or, if that date is passed, as soon as practicable thereafter.

- (g) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price subject to the applicable laws and regulations. Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations.
- (h) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice in accordance with Condition 15 to the Noteholders redeem the Notes, in whole but not in part or, if specified in the relevant Final Terms, in whole or in part, at the Early Redemption Amount which is their principal amount together with interest accrued to, but excluding, the date fixed for redemption (except with respect to Zero Coupon Notes), at any time as from the Residual Maturity Redemption Date specified in the relevant Final Terms until the Maturity Date.
- (i) **Clean-Up Call Option:** If a Clean-up Call Option is specified in the relevant Final Terms and if at least 75 per cent. or any percentage above, as specified in the relevant Final Terms (the "**Clean-up Percentage**") of the initial aggregate nominal amount of Notes of the same Series (including any further Notes issued pursuant to Condition 14) have been redeemed or purchased by, or on behalf of, the Issuer and cancelled, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice in accordance with Condition 15 to the Noteholders redeem the Notes, in

whole but not in part, at the Early Redemption Amount (as specified in the relevant Final Terms) together with interest accrued to, but excluding, the date fixed for redemption.

- (j) **Redemption following an Acquisition Event:** If a Redemption following an Acquisition Event is specified as applicable in the relevant Final Terms and an Acquisition Event has occurred, the Issuer may, on giving promptly and in any event not more than sixty (60) days after the occurrence of such Acquisition Event and not less than fifteen (15) nor more than thirty (30) days before the date set for redemption, irrevocable notice in accordance with Condition 15 to the Noteholders, subject to having also given notice to the Fiscal Agent, at its option, redeem the Notes of the relevant Series then outstanding at the Acquisition Call Redemption Amount in whole but not in part or, if specified in the relevant Final Terms, in whole or in part, together with any interest accrued to, but excluding, the date set for redemption (except with respect to Zero Coupon Notes). All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.

Concurrently with the publication of any notice of redemption pursuant to this Condition 6(j), the Issuer shall deliver to the Noteholders a certificate indicating that the Issuer is entitled to effect such redemption and certifying that an Acquisition Event has occurred.

For the purposes of this Condition, an “**Acquisition Event**” shall be deemed to have occurred if the Issuer (i) has not, on or prior to the Acquisition Completion Date (as specified in the Final Terms), completed and closed the acquisition of the Acquisition Target (as specified in the Final Terms) or (ii) has publicly announced that it no longer intends to pursue the acquisition of the Acquisition Target.

- (k) **Cancellation:** All Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- (l) **Illegality:** If, by reason of any change in, or any change in the official application of French law becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) days’ notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem in whole, but not in part, the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

- (m) **Redemption or repurchase at the option of the Noteholders in case of Change of Control:**

If a Put Option in case of Change of Control (as defined below) is specified in the relevant Final Terms, and if, at any time while any Note remains outstanding, there occurs a Change of Control and within the Change of Control Period (as defined below), a Rating Downgrade (as defined below) occurs or has occurred as a result of such Change of Control (the “**Put Event**”), each Noteholder will have the option to require the Issuer to redeem, or procure purchase for, all of the Notes held by such Noteholder on the Put Date (as defined below) at the Early Redemption Amount which is their principal amount together with interest accrued up to but excluding such date of redemption or repurchase (except with

respect to Zero Coupon Notes). Such option (the **“Put Option in case of Change of Control”**) shall operate as set out below.

- (A) **“Change of Control”** means the acquisition of Control of the Issuer by one or several individual(s) or legal entity or entities, acting alone or in concert, it being specified that, for the purpose of this definition, **“Control”** means holding (directly or indirectly, through companies themselves controlled by the relevant individual(s) or entities) (x) the majority of the voting rights attached to the shares of the Issuer or (y) more than 40 per cent. of the voting rights provided that no other shareholder(s) of the Issuer, acting alone or in concert, hold(s) (directly or indirectly, through companies themselves controlled by the relevant shareholder(s)) voting rights representing a percentage in excess of such percentage.

For the purpose of this definition, “acting in concert” has the meaning given to it in Article L.233-10 of the French *Code de commerce*.

“Change of Control Period” means the period commencing on the date of the first public announcement by the Issuer of the relevant Change of Control and ending on the date which is ninety (90) days after the date of the first public announcement of the occurrence of the Change of Control.

“Rating Downgrade” shall be deemed to have occurred in respect of a Change of Control (a) if within the Change of Control Period the corporate credit rating previously assigned to the Issuer by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Ba 1, or their respective equivalents for the time being, or worse) or (z) if the corporate rating previously assigned to the Issuer by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch (for example, from BB+ to BB or their respective equivalents) or (b) if, on the relevant announcement date, no corporate credit rating is assigned to the Issuer and, within the Change of Control Period, no Rating Agency assigns an investment grade rating to the Issuer (the **“Non Investment Grade Rating”**), provided that in both cases, a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control if the Rating Agency withdrawing, making the change in rating or assigning the Non Investment Grade Rating does not publicly announce or confirm that the withdrawal, the reduction or the Non Investment Grade Rating was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control or the announcement of the Change of Control by the Issuer.

“Rating Agency” means S&P Global Ratings Europe Limited or any other rating agency of equivalent international standing requested by the Issuer to grant a corporate credit rating to the Issuer and, in each case, their respective successors or affiliates.

Promptly upon the Issuer becoming aware that a Change of Control has occurred the Issuer shall give notice (a **“Change of Control Notice”**) to the Noteholders in accordance with Condition 15 specifying the nature of the Change of Control, the circumstances giving rise to it and the procedure for exercising the option contained in this Condition.

- (B) To exercise the Put Option in case of Change of Control to require redemption or repurchase of the Notes, any Noteholder must transfer or cause to be transferred the Notes to be so redeemed or repurchased to the account of any Paying Agent and deliver to the Issuer a duly completed redemption or repurchase notice in writing (a **“Change of Control Put Notice”**), in which such Noteholder will specify a bank account to which payment is to be made under this paragraph, within the period (the **“Put Period”**) of forty-five (45) days after a Change of

Control Notice is given (except where (i) the Noteholder gives the Issuer written notice of the occurrence of a Change of Control of which it is aware and (ii) the Issuer fails to give a Change of Control Notice to the Noteholders by close of business of the third (3rd) Business Day after the receipt of such notice from the Noteholder, in which case the Put Period will start from such third (3rd) Business Day and will end on the day falling forty-five (45) days thereafter).

A Change of Control Put Notice once given shall be irrevocable. The Issuer shall redeem, or procure purchase for, the Notes in respect of which the Put Option in case of Change of Control has been validly exercised as provided above and subject to the transfer of the Notes, on the date which is the fifth (5th) Business Day following the end of the Put Period (the “**Put Date**”). Payment in respect of such Notes will be made by transfer to the bank account specified in the Change of Control Put Notice.

7. PAYMENTS AND TALONS

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes issued in bearer form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Euroclear France Account Holders for the benefit of the Noteholders or (in the case of Dematerialised Notes issued in fully registered form) to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Euroclear France Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. No payments in respect of Materialised Bearer Notes shall be made by transfer to an account in, or mailed to an address in, the United States.

“**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the T2.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by U.S. law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent and the Registration Agent are initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of each

Issuer and the Calculation Agent(s) act as independent experts and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) in the case of Dematerialised Notes in fully registered form a Registration Agent, (iv) Paying Agents having specified offices in at least one major European city and (v) such other agents as may be required by the rules of any other stock exchange on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) Unmatured Coupons and unexchanged Talons:

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Acquisition Call Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any arrears of interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10) provided that, in respect of Notes listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as a case may be.
- (h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centre(s)**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, which is a TARGET Business Day.

8. TAXATION

- (a) **Withholding tax:** All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by any jurisdiction or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional amounts:** If French law should require that payments of principal, interest or other assimilated revenues made by the Issuer in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer, will, to the fullest extent then permitted by law, pay such additional amounts (“**Additional Amounts**”) as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or Couponholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with France other than the mere holding of the Note or Coupon; or
- (ii) **Presentation more than thirty (30) days after the Relevant Date:** in respect of Materialised Notes, more than thirty (30) days after the Relevant Date except to the extent that the Noteholder or Couponholder would have been entitled to such Additional Amounts on presenting it for payment on the thirtieth (30th) such day.

As used in these Conditions, “**Relevant Date**” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of arrears of interest, references to “**becomes due**” shall be interpreted in accordance with the provisions of Condition 5(g)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if

earlier) the date seven (7) days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Acquisition Call Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all arrears of interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any Additional Amounts that may be payable under this Condition.

9. EVENTS OF DEFAULT

The Representative of the *Masse* (as defined in Condition 11), acting on behalf of the *Masse* (as defined in Condition 11), by itself or upon request of any Noteholder may, upon written notice delivered to the Issuer, copied to the Fiscal Agent, cause the outstanding Notes (in whole but not in part) to become immediately due and payable at the Early Redemption Amount which is their principal amount together with interest accrued to but excluding the date fixed for early redemption (except with respect to Zero Coupon Notes), if any of the following events (each, an “**Event of Default**”) shall have occurred and be continuing:

- (i) the Issuer fails to pay on the due date any amount in respect of any Notes and such default is not remedied within fifteen (15) Business Days as from such due date; or
- (ii) the Issuer fails to perform any of its other obligations under the Conditions and such default is not remedied within thirty (30) Business Days (unless such default is not curable in which case such period shall not apply) as from the date of receipt by the Issuer (with copy to the Fiscal Agent) of written notice of such default given by the Representative of the *Masse*;
- (iii) a default on payment of any of the Indebtedness (as defined below) of the Issuer or any of its Material Subsidiaries in an amount equal to at least €60,000,000 (or the equivalent in any other currency), whether individually or in the aggregate, on the due date or at the end of any grace period, as applicable; or
- (iv) upon any Indebtedness of the Issuer or any of its Material Subsidiaries being declared due and payable in an amount equal to at least €60,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, if such Indebtedness is not repaid or such early termination is not cancelled, on the day of receipt by the Issuer (with copy to the Fiscal Agent), of the written notice of such default given by Representative of the *Masse*; or
- (v) a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) or substantially the whole of the business of the Issuer or any of the Material Subsidiaries or, to the extent permitted by law, the Issuer or any of the Material Subsidiaries is subject to any other insolvency or bankruptcy proceedings under any applicable laws or the Issuer or any of the Material Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors as a whole.

For the purposes of these Conditions:

“**Group**” shall mean the Issuer and its Subsidiaries for the time being.

“**Indebtedness**” means any present or future debt (including in the context of financial lease (*crédit bail*) transactions) arising from the obligation to repay sums borrowed and which gave rise to a contract

or any instrument whatsoever. For the avoidance of doubt, “Indebtedness” shall not include supplier credits and intra-Group loans.

10. PRESCRIPTION

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. REPRESENTATION OF NOTEHOLDERS

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a masse (hereinafter referred to as the “*Masse*”).

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-48, L.228-59, L.228-65 I, 1° (only in respect of the change of the corporate purpose of the Issuer or form of the Issuer into a *société européenne*) and 3° (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group), R.228-67, R.228-69 and R.228-72 thereof, and by the conditions set out below, provided that notices calling a general meeting of the Noteholders (a “**General Meeting**”) and the resolutions passed at any General Meeting and any other decision to be published pursuant to French legal and regulatory provisions will be published only as provided under Condition 15 below:

(a) Legal Personality

The *Masse* will be a separate legal entity, by virtue of Article L.228-46 of the French *Code de commerce* acting in part through a representative (the “**Representative**” or the “**Representative of the Masse**”) and in part through a General Meeting.

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights action and benefits which now or in the future may accrue with respect to the Notes.

(b) Representative

The names and addresses of the Representative and its alternate (if any), will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of dissolution, death, liquidation, retirement, incompatibility, resignation or revocation of the Representative, such Representative will be replaced by its alternate, if any. A replacement may be elected by the General Meeting.

Any appointment or change of the Representative in accordance with this paragraph will be notified to the Noteholders and the Issuer in accordance with the provisions of Condition 15.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the primary business office of the Issuer.

(c) **Powers of the Representative**

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) **General Meeting**

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes of all Tranches of the same Series outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place, agenda and quorum requirements of any meeting of a General Meeting shall be published as provided under the French *Code de commerce*.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders, as provided *mutatis mutandis* by Article R.225-97 of the French *Code de commerce*. Each Note carries the right to one vote.

In accordance with Article R.228-71 of the French *Code de commerce* which shall apply, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second (2nd) business day in Paris preceding the date set for the meeting of the relevant General Meeting.

(e) **Powers of the General Meetings**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and its alternate and also may act with respect to any other matter that relates to the common rights, actions and benefits of the Noteholders which now or in the future may accrue, including authorising the Representative to act at law as plaintiff or defendant in the name and on behalf of the Noteholders.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert the Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat. The votes cast do not include those attached to the Notes for which the Noteholder did not take part in the vote, abstained or voted blank or invalid.

For the avoidance of doubt, in this Condition 11 “**outstanding**” shall not include those Notes purchased by the Issuer under Condition 6(g) above that are held by it and not cancelled.

(f) **Written Resolutions and Electronic Consent**

Pursuant to Article L.228-46-1 of the French *Code de commerce*, but in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders of such Series by way of a resolution in writing (a “**Written Resolution**”). Subject to the following sentence a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders of such Series. Pursuant to Articles L.228-46-1 and R.225-97 of the French *Code de commerce* approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

Notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 15 not less than fifty (15) days prior to the date fixed for the passing of such Written Resolution (the “**Written Resolution Date**”). Notices seeking the approval of a Written Resolution will contain the conditions of form and time limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

A Written Resolution will be deemed to have been approved if, on first notice, (i) Noteholders expressing their approval or rejection of such proposed Written Resolution hold at least one fifth of the principal amount of the Notes then outstanding and (ii) Noteholders expressing their approval hold at least 66.33 per cent. of such quorum.

If such quorum is not met, a Written Resolution will be deemed to have been approved if, on second notice, Noteholders expressing their approval represent at least 66.33 per cent. of principal amount of the Notes held by Noteholders expressing their approval or rejection of such proposed Written Resolution.

(g) **Information of Noteholders**

Each Noteholder or representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting on first convocation or the Written Resolution Date and, during the 10-day period preceding the holding of the General Meeting on second convocation, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the meeting, which will be available for inspection at the principal office of the Issuer, at the offices of the Fiscal Agent and at any other place specified in the notice of meeting.

(h) **Exclusion of certain provisions of the French *Code de commerce***

The provisions of Article L.228-65 I. 1° (only in respect of the change of the corporate purpose of the Issuer or form of the Issuer into a *société européenne*) and 3° (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group) of the French *Code de commerce* (respectively providing for a prior approval by the General Meeting of the Noteholders (i) of any change of the corporate purpose of the Issuer or form of the Issuer into a *société européenne* or (ii) of any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-14 and L.236-23 of the French *Code de commerce* (only in the case of transfers of assets of the Issuer to any of its fully consolidated subsidiary within the Group)) and the related provisions of the French *Code de commerce* shall not apply to the Notes.

(i) **Expenses**

The Issuer will pay all expenses incurred in the operation of the *Masse*, including expenses relating to the calling and holding of General Meetings, seeking the approval of a Written Resolution and the expenses which arise by virtue of the remuneration of the Representative, and more generally all administrative expenses resolved upon by a General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable on the Notes.

(j) **Single *Masse***

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

(k) **Notices of decisions**

Decisions of the General Meetings and Written Resolutions once approved shall be published in accordance with the provisions set out in Condition 15 not more than ninety (90) days from the date thereof.

(l) **Benchmark Discontinuation**

By subscribing the Notes and solely in the context of a Benchmark Event which leads to the application of a Benchmark Amendment, each Noteholder shall be deemed to have agreed and approved any Benchmark Amendments or such other necessary changes pursuant to Condition 5(c)(iii)(D)(d).

12. MISCELLANEOUS

These Conditions may be completed in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

13. REPLACEMENT OF DEFINITIVE NOTES, COUPONS AND TALONS

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market or other stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. SUBSCRIPTION AND SALE

Overview of Amended and Restated Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 30 May 2025 (the “**Amended and Restated Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arrangers, the Notes will be offered on a continuous basis to the Permanent Dealers. However, the Issuer has reserved the right to issue Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be placed by the Issuer through the Dealers, acting as agents of such Issuer. The Amended and Restated Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arrangers for certain of its expenses incurred in connection with the update of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Amended and Restated Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

³ ICMA 1 and ICMA 2 approaches envisage that a negative target market will be unlikely. Note that a programme which only envisages vanilla issuance is unlikely to require a negative target market placeholder. If a negative target market is deemed necessary, wording along the following lines could be included: “The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested.”

[⁴UK MiFIR product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in Regulation (EU) No. 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“UK MiFIR”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market⁵*] Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]⁶

[SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]⁷

⁴ Legend to be included on front of the Final Terms if following the ICMA 1 “all bonds to all professionals” target market approach.

⁵ ICMA 1 and ICMA 2 approaches envisage that a negative target market will be unlikely. Note that a programme which only envisages vanilla issuance is unlikely to require a negative target market placeholder. If a negative target market is deemed necessary, wording along the following lines could be included: “The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are [fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested].”

⁶ The legend may not be necessary if the managers in relation to the Notes are not subject to UK MiFIR and therefore there are no UK MiFIR manufacturers. Depending on the location of the manufacturers, there may be situations where either the MiFID II product governance legend or the UK MiFIR product governance legend or where both are included.

⁷ For any Notes to be offered to Singapore investors, the Issuer to consider whether it needs to re-classify the Notes pursuant to Section 309B of the SFA prior to the launch of the offer.
