**INTERNAL RULES OF
THE BOARD OF DIRECTORS OF WORLDLINE SA**

**adopted by resolution of the Board of Directors
dated April 30, 2014**

**up-to-date of the resolutions of the Board of Directors
dated June 9, 2020**

Introduction

The Board of Directors of Worldline SA (the “**Company**”) drew up the present Internal Rules, which describe the composition, tasks and rules governing the operations of the Board of Directors, in addition to the by-laws of the Company.

The present Internal Rules can be adapted and amended by a decision of the Board of Directors with a simple majority of the present or represented directors at the said meeting of the Board of Directors.

The present Internal Rules are not part of the by-laws of the Company. They shall not be applicable to third parties. Third parties or shareholders shall not be able to hold these Rules against Company or its corporate officers.

The present Internal Rules shall apply to each director as well as to all participants of the Board of Directors’ meetings.

Where a director is a legal person, the provisions of the Internal Rules shall apply to its permanent representative as if he or she were director acting in his or her own name, and this without prejudice to the legal person’s obligation to comply with the obligations set out in the present Rules.

ARTICLE 1 – COMPOSITION

1.1 General provisions

The Company shall be governed by a Board of Directors made up of three (3) to eighteen (18) members, nominated by the annual shareholders’ general meeting.

The directors representing the employees and the directors representing the employee shareholders are not taken into account for the determination of the minimum and maximum number of directors aforementioned.

The duration of the term of office for the directors, whether natural or legal person, shall be three (3) years, subject to provisions concerning the age limit. Directors shall be re-eligible (to hold office) subject to the same provisions. The duties of a director shall end at the close of the shareholders’ ordinary general meeting ruling on the financial statements for the past financial year held during the year in which the term of office of such director expires.

The Board of Directors will be renewed annually by rotation in order to ensure a rotation of one third of the members of the Board of Directors (number to be rounded off to the superior or inferior number, if the number of directors is not a multiple of 3).

By exception, the General Meeting may, to set up such rotation, appoint a director for a term of one or two years to ensure the rotation in the renewal of the functions of the directors. The functions of the directors so-appointed for a term of one or two years, will end at the end of the Ordinary General Meeting of shareholders called to rule on the financial statements for the past financial year and which is held in the year during which the term of the aforesaid director expires.

No person may be appointed director if, having exceeded the age of 70, his or her nomination would have such an effect as to bring the number of directors exceeding such age to more than one-third of the members of the Board of Directors.

If, due to the fact that a director in office has reached the age of 70, the above-mentioned proportion of one-third has been exceeded, the oldest director shall be considered to have resigned automatically at the close of the following ordinary general meeting.

In case of vacancy, due to the death or resignation of one or more directors, the Board of Directors may proceed with making temporary appointments, subject to ratification by the following ordinary general meeting, within the limits and conditions provided for by law. Should ratification not occur, the resolutions passed and actions taken during this period shall be valid notwithstanding.

Where vacancy occurs due to the death, resignation or dismissal of a director, the director appointed by the shareholders' general meeting or by the Board of Directors shall only fill such vacancy during the remainder of the term of office of his or her predecessor.

If the number of directors falls below three (3), the remaining members (or the auditors or a designated representative, at the request of any interested party, by the Presiding Judge of the commercial court) shall immediately call a shareholders' ordinary general meeting with the purpose of appointing one or more new directors in order to fulfill the minimum number of members of the Board as required by law.

The Board of Directors should consider what the desirable balance of its membership and that of the Board committees should be, particularly in terms of diversity (gender representation, nationalities, age, qualifications, professional experience, etc.). It should make public in the report on corporate governance a description of the diversity policy applied to members of the Board of Directors as well as a description of the objectives of this policy, its implementation measures and the results achieved in the past financial year.

When presenting an appointment or renewal of a director during the general meeting, the meeting notice addressed to the shareholders shall include a biographical note describing the major points of the candidates' curriculum vitae, the reasons for proposing his or her appointment to the shareholders' meeting, as well as the number of Company shares personally owned by each candidate.

1.2 Director representing employees and employee shareholders

1.2.1 Director representing the employees

To the extent legally applicable, director(s) representing the employees shall be appointed according to the methods provided for by Article 16.1 of the Company's by-laws.

1.2.2 Director representing the employee shareholders

To the extent legally applicable, a director representing the employee shareholders shall be appointed during the shareholders' ordinary general meeting according to the methods provided for by Article 16.2 of the Company's by-laws.

1.3 Independent directors

The independent directors shall in principle constitute no less than half of the members of the Board of Directors.

A director shall be deemed to be independent if he or she has no relationship of any kind with the Company, its Group or its management that might compromise his or her freedom of judgment.

It is specified, for the purposes of this Article 1.3 only, that the Group shall be understood as any company or entity controlling the Company, any company or entity controlled by the

Company or under common control shared with the Company. When used in other articles of these Internal Rules, the Group shall be understood as the Company and any company or entity controlled by the Company. The term « control » shall be defined according to Article L. 233-3 of the French Commercial Code.

The criteria to be evaluated by the Nomination and Remuneration Committee and the Board of Directors in order to qualify an independent director and to prevent any risks of conflict of interest between the director and the management, the Company or its Group, shall be the following:

- a) Not to be and not to have been within the previous five years:
 - an employee or executive officer of the Company,
 - an employee, executive officer or director of a company consolidated within the Company;
 - an employee, executive officer or director of the Company's parent company or a company consolidated within this parent company.
- b) not to be an executive officer of a company in which the Company holds a directorship, directly or indirectly, or in which an employee appointed as such or an executive officer of the Company (currently in office or within the last five years) holds a directorship;
- c) not to be a customer, a supplier, a commercial banker, an investment banker or an adviser (or be linked directly or indirectly to these persons):
 - that is significant for the Company or its Group;
 - or for which the Company or its Group represents a significant portion of its activities,

It is specified that the evaluation of the significance or otherwise of the relationship with the Company or its Group must be debated by the Board and that the criteria leading to this decision will be explained in the Company's report on corporate governance;
- d) not to be related by close family ties to a Company corporate officer;
- e) not to have been, during the five previous years, an auditor of the Company;
- f) not to have been a director of the Company for more than twelve (12) years. Loss of the status of independent director occurs on the date when this twelve years is reached;
- g) not to represent or be appointed upon proposal of, a shareholder of the Company or its parent company holding more than 10% of the capital or the voting rights of the Company, it being specified that for this last criteria, a director may nevertheless be considered independent provided that the shareholder does not participate in the control of the Company and that the Board of Directors, following the Nomination and Remuneration Committee report, will have examined the qualification as an independent, taking into account the composition of the Company's capital and the potential existence of a conflict of interest.

The Board of Directors may, however, consider that even though a director may fulfill the criteria described above, he or she does not qualify as an independent, considering his or her particular situation, or that of the Company or its shareholders, or for any other reason. On the contrary, the Board may consider that a director who does not fulfill the above mentioned criteria is, however, an independent director. In this case, the report referred to in Article

L. 225-37 of the French Commercial Code shall indicate, for the director in question, the criteria from which he or she has been exempted and the grounds for such exemption.

The qualification of an independent director shall be discussed annually by the Nomination and Remuneration Committee and, upon its proposal, examined annually on a case-by-case basis by the Board of Directors, with regards to the criteria described above, before the publication of the annual report. The qualification shall also be discussed at each appointment of a new director. The conclusions of the Board of Directors following each examination shall be made known to the shareholders in the annual report.

1.4 Lead Director

On the recommendation of the Nomination and Remuneration Committee, the Board of Directors may appoint a lead director among its independent members so qualified on the basis of article 1.3 of the present Internal Rules (the “Lead Director”). If for any reason, the Director is no longer deemed to be independent, his or her position as Lead Director will be terminated.

The Lead Director is appointed for the duration of his or her term of office as Director, it being specified that the Board of Directors may terminate his or her mandate of Lead Director at any time. He or she shall report on this task to the Board of Directors at least once a year.

The Lead Director is in charge of ensuring continuous compliance with the present Internal Rules and has, in particular, the following duties / powers.

- can also hold discussions with the shareholders, in consultation with the Chief Executive Officer, and shall report on it to the Chief Executive Officer and the Board of Directors.

The Board of Directors may also assign specific tasks to the Lead Director related to governance or to the relationships with the shareholders.

A formal assessment is annually performed under the supervision of the Lead Director. This assessment may be performed with the assistance of an external consultant, at least once every three years. The shareholders shall be informed, every year in the report on corporate governance, of the performance of such assessments and, where applicable, any subsequent follow-up.
