

Communication from Worldline's Board of Directors on evolution in Company's corporate governance

Bezons, November 18, 2019

Following Atos SE partial disposal of its minority stake in Worldline and the decision of SIX Group AG to enter into an equity collar transaction related to part of its holding in Worldline and according to the provisions of the shareholders agreement entered into between Atos SE and SIX Group AG, the Board of Directors held on November 15 slightly adjusted its composition by transforming one position of director designated upon proposal of Atos SE into a censor position.

In this context, the Board of Directors acknowledged the resignation of Mr. Pierre BARNABÉ as director, with immediate effect.

The Nomination and Remuneration Committee also held a meeting to review the necessary corporate governance adjustments and to formulate appropriate recommendations to the Board of Directors.

Atos SE proposed the appointment, as censor, of Mr. Pierre BARNABÉ (*Atos Group Senior Executive Vice-President, Head of the Global Division Big Data & Cybersecurity, in charge of Olympic Games and Major Events activities and of the Security for the Atos Group*) so as to maintain the balance and the number of directors and censor representing Atos SE as per the shareholders agreement entered into between Atos SE and SIX Group AG.

Therefore, the Board of Directors, upon recommendation of the Nomination and Remuneration Committee, has unanimously decided with immediate effect:
