Strong success of the issuance of Bonds Convertible into New Shares and/or Exchangeable for Existing Shares (OCEANE) due 2025

Bezons, July 23rd, 2020 - Worldline (the "**Company**") (Euronext Paris: FR0011981968), the European leader in the payment and transactional services industry has successfully placed today bonds convertible into new shares and/or exchangeable for existing shares ("**OCEANE**") due July 30, 2025 (the "**Bonds**") for a nominal amount of approximately €600 million being offered to qualified investors (within the meaning of Regulation (EU) 2017/1129) only in accordance with Article L. 411-2-1° of the French monetary and financial code (*Code monétaire et financier*) (the "**Offering**").

Following strong investor demand, the initial amount of €500 million has been increased to approximately €600 million.

The net proceeds of the Offering will be used for the pre-financing of the contemplated acquisition of Ingenico Group S.A. and/or for general corporate purposes.

.....
Eric Heurtaux, Group Chief Financial Officer, said:

"We are pleased to announce the success of a convertible bond issuance of 600 million euros on very favorable terms, with both a negative yield and a high conversion premium for this maturity. It confirms the attractiveness of Worldline and secures excellent conditions for the pre-financing of the Ingenico acquisition. This issuance complements the bonds issued for 1 billion euros on June 30th and represents one more step towards the finalization of the Ingenico financing."

.....

The nominal value of the Bonds has been set at €119.44, corresponding to a premium of 57.50% above Worldline's reference share price¹ on the regulated market of Euronext in Paris ("**Euronext Paris**").

The Bonds will not bear interest (zero-coupon) and will be issued at price of €126.96, i.e. 106.30% of their nominal value, corresponding to an annual gross yield-to-maturity of (1.22)%.

The settlement-delivery of the Bonds is expected to take place on July 30, 2020 (the "**Issue Date**").

Unless previously converted, exchanged, redeemed or purchased and cancelled, the Bonds will be redeemed at par on July 30, 2025 (the "**Maturity Date**") (or on the following business day if this date is not a business day).

¹ The reference share price is equal to the volume-weighted average price of Worldline shares recorded on Euronext Paris from the launch of the Offering today until the determination of the final terms (pricing) of the Bonds on the same day, i.e. €75.8343.

press release

Worldline

The Bonds may be redeemed prior to maturity at the discretion of the Company, under certain conditions. In particular, the Bonds may be fully redeemed earlier at par, at the Company's option at any time from July 30, 2023 until the maturity date of the Bonds, subject to giving at least 30 (but not more than 60) calendar days' prior notice, if the arithmetic average, calculated over a period of 10 consecutive trading days chosen by the Company from among the 20 consecutive trading days preceding the publication of the early redemption notice, of the daily products of the Company's volume weighted average price on Euronext Paris on each trading day within the relevant period and the applicable conversion/exchange ratio on each such trading day exceeds 130% of the nominal value of the Bonds.

Upon a Change of Control of the Company or a Delisting of the shares of the Company (as these terms are defined in the terms and conditions of the Bonds), all bondholders will have an option to request the redemption of their Bonds before the Maturity Date at their nominal amount.

Application will be made for the listing of the Bonds on Euronext Access™ (the open market of Euronext Paris) to occur within 30 days from the Issue Date.

Conversion/Exchange Right

Bondholders will be granted a conversion/exchange right of the Bonds into new and/or existing shares of the Company which they may exercise at any time from the Issue Date and until 5.00 p.m. (Paris time) on the 7th business day (inclusive) preceding the Maturity Date or the relevant early redemption date.

The conversion/exchange ratio is set at one share per Bond subject to standard adjustments in certain cases. Upon exercise of their conversion/exchange right, bondholders will receive at the option of the Company new and/or existing Company's shares carrying in all cases all rights attached to existing shares as from the date of delivery.

Lock-up undertaking from the Company

In the context of the Offering, the Company agreed to a lock-up undertaking for a period starting from the announcement of the final terms of the Bonds and ending 90 days after the Issue Date, subject to the potential issuance of shares in the context of the contemplated acquisition of Ingenico, waiver from the Joint Global Coordinators, certain customary exceptions and the issuance of shares or equity securities in the context of other M&A transactions, but provided that the lock-up is picked-up by the owner of such newly issued shares or equity securities.

Dilution

As a result of the Offering, the issue of the Bonds in an aggregate amount of 599,999,912.48 euros represented by 5,023,442 Bonds each with a nominal value of €119.44, would lead to a dilution of approximately 2.75% of the outstanding share capital, should the Company decide to exclusively deliver new shares upon conversion.

Prohibition of sales to European Economic Area and United Kingdom retail investors

No action has been undertaken or will be undertaken to make available any Bonds to any retail investor in the European Economic Area and in the United Kingdom. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a "**qualified investor**" as defined in the Prospectus Regulation; and
- (b) the expression "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Bonds.

Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Bonds or otherwise making them available to retail investors in the European Economic Area or in the United Kingdom has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the European Economic Area or in the United Kingdom may be unlawful under the PRIIPS Regulation.

MIFID II product governance / French Retail investors, professional investors and ECPs only target market

Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is French retail investors, eligible counterparties and professional clients, each as defined in MiFID II; and (ii) all channels for distribution of the Bonds to French retail investors, eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, even if the target market includes French retail investors, the manufacturers have decided that the Bonds have been offered, as part of the initial offering, only to eligible counterparties and professional clients.

France

The Bonds have not been and will not be offered or sold or cause to be offered or sold, directly or indirectly, to the public in France other than to qualified investors. Any offer or sale of the Bonds and distribution of any offering material relating to the Bonds have been and will be made in France only to qualified investors, as defined in article 2(e) of the Prospectus Regulation, and in accordance with, Articles L.411-1 and L.411-2 of the French monetary and financial code (*Code monétaire et financier*).
